Faute de professeurs des universités dans les sections 71-Sciences de l'information et 74-STAPS en 1985, ces sections du CNU ne figurent pas dans l'analyse par *odds*.

La ligne horizontale rouge sépare les sections dont le coefficient multiplicateur de l'*odds ratio* entre 1985 et 2020 est supérieur à 1 de celles où il est inférieur à 1. Les sections au-dessus de cette ligne ont connu, entre 1985 et 2020, une diminution de l'inégalité de répartition entre les corps universitaires selon le sexe, celles au-dessous ont connu une augmentation de l'inégalité de répartition.
